

**3DLABS RE-AFFIRMS CONTINUED SUPPORT OF THE
SEAWEED SYSTEMS SUPPLY GUARANTEE PROGRAM**
**3Dlabs to continue providing its P9 and P10 graphics devices for Seaweed
Systems customers engaged in the Supply Guarantee Program**

Burlington, MA – May 5th 2006 – Seaweed Systems, Inc., the leading developer and supplier of OpenGL[®] and X Window System embedded graphics solutions for safety-related embedded markets, announced today that 3Dlabs has re-affirmed its commitment to supply its P9 and P10 graphics devices to Seaweed Systems for its embedded-systems customers. For more information, please contact Seaweed Systems.

About Seaweed Systems, Inc.

Seaweed Systems provides software products and consulting services in the embedded X Window System and OpenGL[®] markets. Seaweed Systems' customers, which include many of the world's leading aerospace and defense companies, benefit from Seaweed's unmatched price, performance, feature set and implementation schedules in the real-time embedded space. They also benefit from the strong working relationships established between Seaweed Systems and other leading COTS suppliers in this arena. These relationships ensure that customers are provided with the most complete and advanced product solution possible for both certifiable and non-certifiable developments. Additional information is available at www.seaweed.com

Certain matters discussed in this news release are forward-looking statements that involve a number of risks and uncertainties that could affect the Company's abilities to achieve its objectives and cause actual events to differ materially from expectations.
